Christ is Risen!

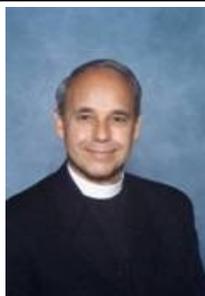

Цхрист ис Рисен! Христός Ανέστη!

From Fr. Dean

CHRIST IS RISEN!

St. Paul writes in 2nd Corinthians chapter 7 verse 5 “For when we came to Macedonia, our flesh had no rest, and everywhere we went, we had trouble and conflicts.”

Nobody knew more about adversities and hardships than St. Paul. And one reason I believe he faced such tremendous obstacles and challenges in life was because he was always doing so many great things for the Lord. I believe that God has for the past 50 years called the faithful of Holy Trinity of Biloxi to do some unusual, exciting, extra-ordinary things for Him. Looking back over the past 50 years, we realize that this parish has faced many obstacles, challenges, adversities and hardships, but the faithful never lost their faith and like St. Paul they did great things for the Lord.

When we make small plans, we can expect small problems. But when we have a strong desire to do great things for the Lord, and when we step out in faith, and when we dream big dreams, and when we make big plans, then we can expect the devil to fight us in a big way with big problems. That is why St. Paul said “Fight the good fight of faith.”

I would love to be able tell you that if you serve God, you will never have another problem or face another challenge. But that would not be true. God never promised that we would have a problem free life, a life free of challenges. As a matter of fact, Jesus told us just the opposite. In John 16:33, He says, “In this life, you are going to have all kinds of trouble, hardships, trials, and frustrations, but don’t get discouraged. Don’t let that get you down. Always stay full of joy and keep your eyes on Me, for I have overcome the world. And I am not going to allow it to harm you.”

We need to understand that problems and challenges of life don’t have anything to do with how spiritual we are or how dedicated or committed we are. Problems and challenges are just a part of this life. Everyone here has faced problems at one time or another. Today, maybe someone is facing some difficulty that is totally out of their

control. Maybe it is a life threatening disease. Maybe their company is downsizing and all of a sudden they don't need you anymore.

The problem, the challenge, whatever we choose to call it, is not really the problem. The real problem is how we respond to it...this is what really matters. Problems responded to correctly in our lives move us forward on our spiritual journey. They make us stronger. They make us more mature. And eventually even large adversities and large obstacles become easy to overcome. God uses any situation we face in life to help us mature and to develop us and to draw us closer to Him. If we have the right attitude, we come out stronger and with greater confidence in God and in His word. On the other hand, if we have a bad attitude, we come out weaker, less confident, and possibly even a little angry and bitter on the inside.

The best way to solve a problem is to deal with it. The saying "Don't put off until tomorrow what should be done today" is so true. So many times in life, we try to ignore problems, sweep them under the rug, and deny they exist. Problems don't magically disappear simply because we ignore them, they only become worse and when they do, we begin to become bitter and start pointing our finger blaming God or blaming other people, forgetting that there are three fingers pointing back at us.

When we commit our whole life to God as we say over and over in the Divine Liturgy, we can rest assured that even though we cannot see the reason at the time, we are fully confident that God has something much better in store for us in the future. Proverbs 3:5 says "if we put God first, He will direct and crown your efforts with success." Over these past 50 years, our parish has indeed put God first and He has and will continue to bless us, direct us and crown our efforts with success.

Our parish has grown to include Greek, Russian, Ukrainian, Romanian, Moldovan, Georgian, Belarusian, Kazakhstani, as well as many converts to the Orthodox Church. We want each ethnic group to be recognized in the album. Therefore, it is crucial that each member takes the time to submit information or photos. Please submit your items (documents, photos, etc.) to Brandi Donohoe before the May 20-21 celebration.

A separate letter was emailed to members regarding a sponsorship donation. A sponsorship donation allows you to dedicate up to a full page to your family. If you need more information please see Brandi Donohoe or contact at bturner@bellsouth.net or 228-861-4376.

Prioritize Sunday as the Anchor of Your Family's Week

The Divine Liturgy is the primary worship service in the life of the Orthodox Church. It is where the Body and Blood of Our Lord and Savior is offered for the forgiveness of sins and eternal life. Simply put, attending the Divine Liturgy as a family should be a priority. The Lord's Day isn't merely the day we go to church – it is the primary day we become the Church – the people of God. (By George Tsongranis)
